NOTICE

Subject: Appointment of Student Associates in Transport Operations

This is to inform all students that 04 (four) students of the Green University of Bangladesh have been appointed as Student Associates to assist the Transport Office in overseeing and improving the university's transport services.

The primary goal of this initiative is to ensure a smooth and efficient transport service for all students while also encouraging the submission of constructive and practical suggestions from the student body. These Student Associates will serve as a link between the students and the Transport Management Authority, facilitating effective communication and collaboration.

Responsibilities of the Student Associates include:

- Monitoring and supporting day-to-day transport operations
- Assisting in addressing and resolving transport-related concerns
- Gathering feedback and suggestions from fellow students
- Collaborating with the Transport Office to enhance service delivery

Student Associates will regularly compile all constructive and well-reasoned suggestions and forward them to the appropriate authorities through the usual official channels, including the Transport Office, Transport Committee, Registrar's Office, Pro Vice Chancellor, and Vice Chancellor, for review and necessary action.

We believe this initiative will contribute significantly to the continuous improvement of GUB's transport services and encourage greater student involvement in institutional development.

For any transport-related day-to-day feedback or concerns, students are encouraged to approach the appointed Student Associates.

Date: 18 May 2025
